**DETAILED ACTION**

In response to Amendment filed October 24, 2005

***Reasons for Allowance***

1. The following is an examiner's statement of reasons for allowance:
  - a. Claims 1 - 13 are allowable over the Prior Art of Record because it fails to teach or suggest a go no-go gauge for verifying whether a plasma process chamber kit part used within a plasma chamber of a plasma processing tool has accumulated excessive wear or deposits, comprising an identification feature configured to uniquely associate the go no-go gauge with at least one of said plasma process chamber kit part and a process to which the plasma chamber kit part will be exposed in combination with the remaining limitations of the claims.
  - b. Claims 14 - 24 are allowable over the Prior Art of Record because it fails to teach or suggest a method for verifying whether a process kit part used within a plasma chamber of a plasma processing tool has accumulated excessive wear or deposits comprising the step of determining a go no-go gauge associated with said process kit part, the go no-go gauge having a verification feature configured to verify whether a

dimension of a process kit part feature violates a prescribed size tolerance in combination with the remaining limitations of the claims.

- c. Claim 25 is allowable over the Prior Art of Record because it fails to teach or suggest a go no-go gauge for verifying whether a plasma process chamber kit part used within a plasma chamber of a plasma processing tool has accumulated excessive wear or deposits, comprising means for uniquely associating the go no-go gauge with at least one of said plasma process chamber kit part, a feature of said plasma process chamber kit part, and a process to which the plasma chamber kit part will be exposed in combination with the remaining limitations of the claims.
2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
